Dear Mr. David,

Thanks for your letter. I do appreciate it.

All my records, all my work, all my unpublished manuscripts, will be at local Hood College. Sylvia Meagher's records are already there and have been accessioned. Gerald McKnight, a dear friend and professor of history there, took his free time one year, including the summer, to do the accessioning.

NEVER AGAIN! was written before Case Open but was not published until after it.

You do not mention having it.

Wholesalers still have it, I understand.

If your book store has no connection with any wholesaler who stocks it, national distribution is by Publishers Group West.

I'm sending a copy ~~of~~ of your letter to friends on several faculties.

Thanks and best wishes,

Harold Weisberg
